2. 出張月            平成 26 年 8 月
3. 出張目的            国際会議 (Phosphorus in Soils and Plants : PSP5)への参加 : B

#### 4. 成果の概要

I was able to attend the conference “Phosphorus in Soils and Plants” and present recent results of my project in the session “P acquisition by plants and microorganisms”.

My contribution to the conference was accepted as poster presentation based on my abstract “Influence of root hairs on P deficiency in rice (*Oryza sativa*) varieties”.
