

# SUSTAINABLE RURAL BIOMASS SUPPLY

BY  
JANE N. NDETI,  
MANAGER, FOREST INVESTMENT FACILITY

KENYA FOREST SERVICE, NAIROBI, KENYA  
[www.kenyaforestservice.org](http://www.kenyaforestservice.org)

# ENABLING CONDITIONS BY KFS (1)

- To enhance sustainable rural biomass supply, Kenya Forest Service (KFS) has created enabling conditions for communities to scale up tree growing.
- This has been through;
  - (1) Use of Farmer Field Schools as platforms to train communities on:
    - Issues of tree planting, management, conservation and utilization;
    - Crop and animal husbandry and
    - Other issues affecting communities.

## ENABLING CONDITIONS BY KFS (2)

- (2) Provision of financial support in form of credit (loan) for investment in;
- farm forestry and
  - other livelihood enterprises /projects.

# EXAMPLE OF AN FFS GRADUATE FARM

(MR. MUNYWOKIS FARM, KITUI  
COUNTY)

**LOWER YATTA FFS - MORINGA OLIFERA WOODLOT, KITUI COUNTY**

**MORINGA OLIFERA PRODUCTS, LOWER YATTA FFS, KITUI**

A group of people, mostly in white shirts, are standing in a tree nursery. They are surrounded by rows of young plants in pots and trays. The nursery is outdoors, with a dirt path and trees in the background. A large green banner with the text "THANK YOU" is overlaid on the top of the image.

# THANK YOU

*Tree Nursery – Mwangaza FFS, Tharaka Central*
