

NGO Perspective: to create
enabling conditions for scaling-up
innovation

Panel Discussion

Veronica Agodoa Kitti, ASA Initiative, Ghana;
ABP Steering Committee Member

The Research and technology developers strategically path the route to provide the enabling environment for scaling up the ELSA IFES Innovation for Africa for socio-economic development.

**AFRICA BIOCHAR
PARTNERSHIP (ABP)**

1.

- Strategic Analysis of enabling environment for scaling up innovation was already performed during project period .
- ABP is Non Governmental Body for scaling up innovation

2.

- Collaboration with ABP to scale up innovation

3.

- Avoid duplication of efforts

4

- The locals at the BOP must benefit economically from the project to addressing their challenges
- Involvement of the people at the BOP and rural communities

5

- Collaboration in the area of resource support,; Marketing support
- ABP does the ground work leads to specialization and maximization of the use of resources =synergy

6

- Nature of outcome/benefit
