Inauguration Address by Shin-ichi Hasegawa	1
Welcome Address by Takekazu Ogura	3
 Contribution from Foreign Delegates	
1. Maize Production Conditions in Indonesia and Future Problems; Achmad Wazir and Surjatna Effendi	13
2. Maize Production Conditions in Thailand and Future Problems; Phit Panlalakashana	21
3. Maize Production Conditions in the Philippines and Future Problems; Virglio R. Carangal	29
4. Maize Production Conditions in Taiwan and Future Problems; Shin-Chi Chang	37
5. Maize Production Conditions in India and Future Problems; D. Sharma	43
6. Maize Production Conditions in Pakistan and Future Problems; A. Ghafoor Bhatti	49
7. Problems Confronting Maize Production in Asia; Ernest W. Sprague	55
8. Various Problems on Cultivation Techniques on Maize in Indonesia; Surjatna Effendi	59
9. Problems of Maize Cultivation in Thailand; Ampol Senanarong	65
10. Various Problems in the Breeding of Maize in the Philippines; Teodoro Gonzales	71
 Special Lecture	
Genetic Concepts Underlying Hybrid Maize Breeding; R. Alexander Brink ..	77
 Contribution from Japan	
11. Maize Production in Japan; Shigeo Kitano	89
12. Demand and Required Quality of Maize as Feed in Japan; Tatsuo Hayakawa..	99
13. Demand and Required Quality of Maize as Industrial Raw Material in Japan; Nobuhisa Fukuoka	111
14. Insect Pests of Stored Maize and Their Control; Rin-ichi Kawasaki	117
15. A New Technique for High Yield Maize Culture in Japan; Takahiro Okubo and Fumio Iwata	131
16. Progress in the Breeding of Superior Maize Varieties in Japan; Kan-ichi Murakami	139
17. Evaluation of Synthetic Varieties in the Breeding of Hybrid Maize in Japan; Toru Machida	145
18. Breeding of Short-term Variety of Maize and Its Adaptability in Hokkaido,	

Japan; Setsuo Toda	151
19. Important Diseases of Maize in Japan; Toshihiro Kajiwara	165
20. Classification of Local Strains of Maize in Japan and Selection of Breeding Materials by Application of Principal Component Analysis; Noboru Mochizuki	173
Closing Address by Takeo Kondo	179
List of Participants	181
Organizing Committee of the Symposium	186
