Inaugural Address	Tsuru, S. i
Welcome Address	Sugimoto, T. iii

Country Reports

Soil-related constraints for sustainable plant productivity in India	Samra, J. S. and Randhawa, N. S. 1
Soil constraints on sustainable plant production in Sri Lanka	Wickramasinghe, L. A. 12
Soil problems in relation to tropical crop development and soil amendment measures in China	Lu, X. Z. 30
Soil constraints on sustainable plant production in Thailand	Nagara, T. N. 40
Soil constraints on sustainable plant production in Malaysia	Othman, A. B., Aminuddin, Y., Ghulam, M. H. and Razak, H. A. 60
Soil fertility constraints in Indonesia and methods of improvement	Sudjadi, M. and Effendi, S. 69
Recent factors limiting soil fertility in Japan	Nakaya, N. 79

Technical Reports

Land management and sustainable agricultural development in West Asia and North Africa: An ICARDA view	Jones, M. J. 91
Soil constraints for sustainable upland crop production in humid and sub-humid West Africa	Kang, B. T., Gichuru, M., Hulugalle, N. and Swift, M. J. 101
Soil-related constraints on the production of herbaceous and tree legumes in sub-Saharan Africa and their alleviation	Haque, I. 113
Introduction of legumes in the pastures on Oxisols in the Eastern Colombia plain using macro-pellets	Mitamura, T. and Ogawa, Y. 124
Sustainable utilization of poor acid soils of tropical America	Toledo, J. M., Zeigler, R. S. and Torres, F. 133

Nutritional factors limiting crop growth in tropical peat soils	Tadano, T., Ambak, K. B., Yonebayashi, K., Hara, T. Vijarnsorn, P., Nilnond, C. and Kawaguchi, S.146
Improvement of soil productivity through legume-based cropping systems in Indian Alfisols and Vertisols under semi-arid environment	Arihara, J., Ae, N., Okada, K. and Johansen, C.157
Soil improvement in corn cropping by long-term application of organic mater in Utisols of Thailand	Inoue, T.174
Soil salinity after deforestation and control by reforestation in Northeast Thailand	Miura, K. and Subhasaram, T.186
Maintenance of soil fertility for sustainable production of trees and crops through agro-forestry systems	Young, A.197

General Discussion

Closing Remarks	Sekiya, S.212
List of Participants	213
List of the Organizing Committee	216
