Inauguration Address by Shuichi Ishizawa.....	1
Welcome Address by Takekazu Ogura.....	3

Introduction

Nomoto, K. (Japan)

The importance of fertilization for increasing rice production	11
----------------------------------------------------------------------	----

Session I. Fertilizer Response in Connection with Varietal Characters and Growth Stages

1. Ito, H. and Hayashi, K. (Japan)	
The changes in Paddy field rice varieties in Japan	13
2. Chee, S. P. (Malaysia)	
Fertilizer response of new rice varieties in Malaysia	25
3. Tanaka, A. (Japan)	
Physiological basis for fertilizer response of rice varieties	37
4. Chalermkiat, S. <i>et al.</i> (Thailand)	
The responses of new less photo-sensitive rice varieties to different levels of nitrogen fertilizer application during the dry and wet seasons	45
5. Matsushima, S. (Japan)	
Nitrogen responses to the rice plant at different stages of growth.....	59
6. Datta, S. K. D., Magnaye, C. P. and Magbanua, J. T. (IRRI)	
Response of rice varieties to time of nitrogen application in the tropics	73
7. Ota, Y. (Japan)	
The roles of root systems of rice plants in relation to the functions of aerial parts	89

Session II. Environment and Fertilizer Practices

8. Murayama, N. (Japan)	
Development of fertilization for rice culture in Japan	105
9. Shiga, H. (Japan)	
Regional patterns of fertilization in Japan	119
10. Hsu, S. C. (The Republic of China)	
Present situation of fertilizer use in Taiwan	135

11. Patnaik, S. (India)	
Fertilizer use for increasing rice yields in India	149
12. Prawirosamudro, A. and Soebijanto (Indonesia)	
Present situation of fertilizer use in Indonesia	165
13. Reyes, E. (The Philippines)	
Present situation of fertilizer use on rice in the Philippines.....	173
14. Langfield, E. C. B. (Australia)	
Rice fertilizer use in Australia.....	185
15. Arikawa, H. and Shinozaki, M. (Japan)	
Field tests on split applications of nitrogen	
—An application of fractional factorial design—	193
16. Hayase, T. (Japan)	
The present status of fertilizer production in Japan and	
characteristics of new fertilizers	203

Session III. Nutritional Disorder and its Improvement by Fertilizer

17. Kiuchi, T. (Japan)	
Nutritional disorder of rice plant and its countermeasures in Japan.....	217
18. Thenabadu, M. W. (Ceylon)	
Nutritional disorders and their countermeasures in Ceylon	229
19. Kono, M. (Japan)	
Effectiveness of silicate fertilizer to japonica varieties	241
20. Shafi, M. (Pakistan)	
Zinc deficiency of rice plant in West Pakistan and its improvement	249

Discussion	267
Closing Address	277
List of Participants	280
Organizing Committee	284
